## Camelot Estates Sewer District of Camden County

The Camden County Sewer District Board would like to take this opportunity to introduce you to the Camelot Estates Sewer District. We are proud of the efforts of this district to process our wastewater, thereby keeping contaminants out of our soil, water and the beautiful Lake of the Ozarks. We hope to give you an understanding of our system and the rights and responsibilities of all parties.

The County Commission of the County of Camden, State of Missouri formed the Camelot Estates Sewer District in accordance with Section 249.470 RSMo as a sub-district of the county-wide district. Camden County Ordinance No. 12-17-10-01, Article V, Section 3 states that it is the obligation of the District to provide sewer service for health, sanitation and welfare and to maintain the capacity to treat wastewater flow for each customer. As such, the district is responsible to maintain all collection lines, lift stations, grinder, pumps and the sewage treatment plant. Each customer is responsible for connection lines within the home up to the cleanout access outside the home.

The customer is responsible to pay the charges for service. The rate in the Camelot Estates Sewer District is currently \$73.00 per individual residence per month. Your system may be equipped with an audible alarm and a red light to alert you to a system malfunction. Please immediately report any system malfunction.

The District maintains a contract with an operator who inspects, pumps and services the collection system as needed. The District also maintains a contract for accounting/billing services.

The Waste Water office hours are: Monday – Friday 8am – 4pm. The Waste Water's Office is located at: 186 Ha Ha Tonka Cut Thru, Camdenton.

The Sewer Board meets on the third Wednesday of every month at 9:00 AM at the Waste Water Office. You are welcome to attend any time.
